## The Salesforce Romance Novella Pitch

SleepyLuke 10/15/2019

Been studying object relationships for Adv Admin cert, it's gotten my mind thinking about writing a salesforce themed romance novella. I picture two objects in love with eachother, who want to form a relationship, but one is custom and the other is standard. The custom object however has a master detail relationship to another object she doesn't love, created by an evil admin.
