### **Salesforce Navigator**

<https://chrome.google.com/webstore/detail/salesforce-navigator-for/pbjjdhghffpemcglcadejmkcpnqmlkh?hl=en>

### **Lightning Extension**

<https://chrome.google.com/webstore/detail/lightning-extension/hfglcknhngdnhbkccblidlkljgflfogh>

### **Admin Check All**

This extension provides 'check all' checkboxes on admin pages. Salesforce Admin Check All is an extension that enhances the Salesforce Setup pages by adding "check all" checkboxes to various checkbox lists. This enhanced functionality helps make some setup tasks more efficient by potentially saving administrators from having to manually check each checkbox in a list individually.
